	Cattle were easy to handle and draft in the yards. Moving away from pressure easily and leading up through the race and onto the scales without any forced encouragement being required. Cattle that an experienced handler would not deem stirry at all, only that they tended to run through gate ways and move away from the handler in a slight hurry. Station bred cattle that were an easy mob to draft and weigh.																		
Handled With	Bikes , Dogs , On foot , Vehicles , Polaris Buggy																		
Assessor Comments	Good line of station bred females. Easy to handle throughout assessment. Exceptional mothers, doing a fantastic job rearing their last calves, and not taking lightly to the presences of dogs whilst having a calf at foot. Calves were all square and shiny and none looked to have ever missed a feed. These are proven, low maintenance mothers you can tip out in the paddock and trust to get the job done. Scanned up as over & under 4 months in gestation, and drafted off into age groups. This being the older draft of 6-10 year olds. Buyers please Note. some minor eye blemishes noted in mob, and a few white flanks. Nothing deemed detrimental. Vendor also has another 2 mobs in sale.
