Very well behaved during the assessment process both within the yards and whilst weighing on the scales. One or two Cows were typically flighty around myself which I put down to a foreign person being in their environment which is considered not detrimental in my opinion.

Assessor Comments

Rising 3 year old Angus x Poll Hereford (Black Baldy) Cows on their second calf that are PTIC to an F1 Speckle Park x Angus Bull due to calve early September onwards. Best described as large framed females in a very fresh heavy forward condition that will compliment an already existing herd or be a fantastic start to a smaller scale breeding operation. If you're wanting to be a part of the continual Speckle Park craze and prefer to look at an alternative coloured female in the paddock, then these are the animals for you! I would like to commend the vendor for doing a fantastic job on their temperament and keeping them in tip top condition.
