Assessor Comments	8 Vendor Bred Poll Hereford/Friesian Heifers PTIC to an easy calving Harris Farms blood Angus bull for late August onwards calving for 46 days. These heifers are bred out of high producing Friesian cows and will grow into outstanding vealers mothers. The vendor has elected to join the heifers to the Harris Farms blood Angus bull for muscle shape and depth. These Heifers present buyers with a great opportunity to purchase a line of young future breeders. Please note the vendor also has 2 other lots of heifers being offered in the same sale on the same day.
