 Lifetime Traceable 100% of cattle in this lot are Lifetime Traceable
 Bloodlines Rennyalea L1010, along with various Pathfinder sires have had a massive influence in our herd! We are now using Team Te Mania sires exclusively.

Grazing Conditions Highly improved pasture consisting of Rye, Clover, Fescue & Cocksfoot.
 Returned same

Burr/Seed in Coat No Burr or Seed of weeds declared noxious observed in the coats at assessment

HGP Status The owner declares that the cattle have not been treated with HGP at any period of their lives
 WHP/ESI Cattle are within a Withholding Period or Export Slaughter Interval for: Eprinex
 Health Treatments Drenched 23/07/2021 Eprinex

Vendor Comments These young cows are only being offered due to our property being so wet at this time of year. They are not the tops nor the bottom of the age group, we simply ran the entire age group into the cattle yards and this is a run out the gate of that mob.

Assessor Comments

A magnificent draft of 4th calving cows from an outstanding Angus herd! Pardoo Cattle Company run a stringent culling program, which sees only the top females retained within the herd! Due to extremely wet conditions, they have decided to offer a run out the gate of four age groups of females which would usually be retained. These young cows have been joined to Team Te Mania Sires; N834, N711, N891, N473, N721 & N970 from 15/12/20 for 7 weeks. Bulls are selected with key traits in mind such as IMF, moderate mature cow weight, calving ease & temperament. They present in forward/prime condition & would suit the most discerning purchaser! This is a rare opportunity to secure classed breeders that have been bred to perform. They come with my highest recommendation!!! ** Vendor has a total of 112 joined females in this sale**
