Other Joining Details	joined to New Armatree blood Border Leicester, at scanning ewes were 38-85 days pregnant with 12 twins and 66 singles		
Assessor Comments	A nice line of one mark 3 year old merino ewes safely scanned in lamb. Ewes carry 11 months wool on their backs and will commence lambing in early October to Good quality New Armatree Border Leicester rams. Ewes were Purchased from Barooga Stud WA. Ewes are large frame and plain bodied and should raise a good xb lamb. Ewes present in plain condition as they have only had access to native grass country since weaning lambs. This lot gives the purchaser the opportunity to buy fertile young ewes that are carrying a large fleece. Ideally these ewes would benefit from having access too improved pastures prior to lambing. Note one ewe has had an eye removed. Vendor has 4-6 year old ewes in sale as well
