Assessor Comments	Line of mixed age Australian White proven breeders SIL 100% to Kanoona Park Australian White & Glen Park Ultra White rams to commence lambing mid September. Mouthed ewes handled, see break up, still present in good forward to prime condition, some ewes still with developed udders, due to lambs being weaned recently. Percentage of ewes with long toe nails, does not appear to be detrimental. Some ewes purchased ex Bindi Cobar, 2016, have been shorn, in June, only to tidy up for appearance. Great opportunity to get a start in a Australian White breeding program with all the work being done.
