Assessor Comments	Offering a small line of medium framed 1st X ewes joined to a Poll Dorset ram to commence lambing at the end of Sept. Small percentage mouthed with a good percentage still showing lambs teeth. Ewes shorn and drenched and in excellent condition for lambing. Treated with Avenge as a precaution only at time of assessment. Can help with cartage to Wagga marketing centre with weekly market trucks at buyers expense. Buyers please note most are BL/Merino x however as photos show a small percentage are either by the Merino or Dorset. An ideal line as a starter or to top up numbers.
