	Docile: 2 head Quiet: 18 head Slightly Stirry: 80 head Stirry: 2 head	Quiet: 12 head Slightly Stirry: 82 head Stirry: 8 head	Temperament not assessed in Paddock
	Typical coastal bred cattle that have very minimal exposure to humans. They flowed very quickly through the yards with minimal pressure. If they do rush through the yards they can be blocked up very quickly. 20% did become agitated with in the crush but once back with the mob they did calm down. Steers did feel uncomfortable with humans in the yards but will have more exposure and handling until delivery. Please do watch videos as they will provide a better detail.		
Handled With	Aerial (Helicopters, gyro's and planes) , Bikes , Dogs , Horses , On foot , Vehicles		
Assessor Comments	102 Brahman X Steers with a fair range in weights and ages but would suit traders as they are all frame and shown the right feed would go forward. HGP TREATED. With minimal human exposure, steers did feel uncomfortable with humans in the yards but will have more exposure and handling until delivery. These steers have been running over two properties but will be all delivered at one property (17% on the second property have had more handling and will be back on pasture). It is advised to watch the videos to better describe the cattle. Please note vendor has another line of Brangus X Steers within this same sale. As seen in photos 19 smaller steers 112-198kg to Av. 156 to be included in the sale but at a discounted rate - total 121hd. One unmarked mickey. These cattle are sold with delivery on property and buyers to pay all freight, clearing and dipping costs. If buyers have any questions it would be best practice to call assessor on 0400 018 007.		
Assessor	Tom Boyle (Level 1 Accredited)
