	Buyers, these steers have settled into weaning very well and flow smoothly though the yards. These steers will continue to settle with more yard work and tailing out of yards. Please note that the steers noted as slightly stirry quickly calmed once returned to the mob and will continue to settle with more work.

Assessor Comments	Buyers, here is an opportunity to purchase a two deck line of good quality, flatback number 1 weaner steers. These steers have been yard weaned since the 06/08/21. This lot has a LWR of 166kg to 303kg at assessment and will have an average weight of 237kg after a 5% delivery adjustment. These steers show good bone and frame and are ready to get out and perform. The steers are ideal to grow out to feeder weights or take through to the slaughter markets. Buyer please note that there is 5 steers in this lot that present plainer in type, this is due to them being off older cows that are in lessor condition. This lot has been pretreated for ticks to assist in clearing for purchasers below the tick line. Please note it is the purchasers responsibility to ensure that all tick guidelines are abided by.
