Assessor Comments	Buyers, Here is a good line of soft vendor bred weaned steers that average 299kg. These steers present in good store condition, have very good length of body with muscle, and have tremendous softness with plenty of depth. They are out of a medium to large frame soft xbred cow by top quality stud sires. These steers are very good to work through yards and handle. Steers would suit to background out to heavy feeder or bullock fattener. Trifecta Grazing Co have a good reputation for performance both on grain and grass.
