Assessor Comments	Buyers on offer are a great line of weaned and well educated steers ready to power ahead. A great line of Dairy steers which were bottle fed and weaned onto calf pellets. The steers display good growth and frame. They would be ideal cattle to grow out to bullocks or would make good heavy feeders on Oates. Buyers make not there was one steer that had a slight knot on kneck from 5 in 1 injection. This is of no detriment to the steer at all. A great opportunity to purchase cattle with plenty of frame ready to power ahead.
