Assessor Comments	A quality line of EU pure Yamburgan blood shorthorn steers. These cattle present an excellent opportunity to purchase a quality line of steers to put onto crop or pasture and grow out to heavier weights. These cattle are known performers and have been grown out to bullocks or into premium "Thousand Guineas" feeder markets in the past. Cattle that will bounce ahead on good feed coming off native pasture country. Please note some steers with small amounts of rubbing on them, steers would benefit from a parasite treatment. One steer with old small injury (skin graze) to rear leg barely visible and almost completely healed, not detrimental at all. .
