	Steers handled well in yards, odd steer slightly stirred in crush. Cattle have been handled exceptionally well with capable stock men on horses and using dogs. All cattle go through a program of induction which includes education of electric fences, dogs and horses for approximately a weeks time.

Assessor Comments	An opportunity to purchase a run of Black Baldy steers presenting in forward condition. Steers show good length and depth with plenty of compensatory weight gain and would perform well on crop or pasture to carry on to heavier weights. Steers have just been taken out of the run of Angus steers presented in the same sale. 1 steer had a eye blemish.
