Handled With	Heifers were typical of unweaned calves running from one end of the yard to the other. They had minimal block under a bit of pressure but quickly settled once left alone. With a proper weaning and some handling they wont be a problem Bikes , On foot , Vehicles
Assessor Comments	A good line of mainly Charolais cross and Droughtmaster Heifers that will not disappoint. Heifers are out of good medium to large frame cross bred cows. They are well grown for their age and would be ideal to take onto feeders or onto a kill job. Heifers will be weaned at delivery. Note Vendor has 1 lots of steers in the same sale.
