Steers were typical of unweaned calves running from one end of the yard to the other. They had minimal block under a bit of pressure but quickly settled once left alone. With a proper weaning and some handling they wont be a problem

Handled With Bikes , On foot , Vehicles

Assessor Comments A good line of Charolais cross, Droughtmaster and Angus Cross Steers that will not disappoint. Steers are out of good medium to large frame cross bred cows. They are well grown for their age and would be ideal to take onto feeders or onto a
