| Assessor Comments  | A line of predominately flat back heifers. Heifers show good length of body and are fresh and healthy and really on the do. Heifers have all been preg tested empty. The heifers are bred from either a Droughtmaster cow base with a brahman influence or brahman cross cows with a droughtmaster influence. Please refer to photos and video to satisfy the bred break up. This is an opportunity to secure a line of heifers where all the hard work has been done for you. Please Note odd Heifer is showing small amounts of rubbing. |                |
