Plain	100%

Assessor Comments	A smaller lot of 4-6 month old Organic Dorper wether lambs are on offer. They would be a good proposition for a fattener to put away on winter herbages or crop for additional weight. The lambs represent part of a complete flock dispersal due to the impending sale of the property. They are in plain condition as they are tail of the yellow tag wether lambs that are offered in another lot. They have had a 15 hour curfew and they averaged 19.5kgs so consider this to be a fair curfew. In the mob noted approx there is 1-2 with brown markings (could be a genetic throwback) and these are represented in a photo. All lambs have been left as long tails and are a mix of black and whites (mainly blacks). Buyers should be aware there are a further 3 lots of Dorper wether lambs in same sale to help with trucking.
