Quality Grades	
Good	100%

Assessor Comments	178 March/April drop ewe lambs 33kg average weight, have had two vaccines. Mainly black heads with a noticeable few white ewes. Vendor has not docked tails off. Lambs were weaned early and have lost the normal lamb bloom. Good quality Amarula rams were used and vendor has noted these ewe lambs will make quality breeders. Tail end were removed before assessment. Given quality feed these ewes will grow quickly and display good breed characteristics.
