Assessor Comments	630 April/May 2021 merino wether lambs, tail stripped, unshorn, 27.2 kgs live weight. A nice line of fresh wether lambs, ideal to grow out for trade/export markets or to retain as wool cutters. Lambs have been weaned during general shearing and are currently grazing fresh winter feed (crows foot, clover and copper burr). Lambs are strong and fresh and will continue to grow into long, deep bodied wethers, ideal to fatten the for late spring markets. Approx 50% of lambs have normal wether horn. Lambs present with medium clover burr and some have light Bathurst burr on heads and legs. *Please note short 2 day delivery period (19th & 20th)*
