Vendor Comments	Despite the recent wet & cooler winter that we have had this season, I am very happy with this drop of lambs. They present very well & as we come into Spring, should continue to power forward & grow into a very handy line of lambs.
Any Access To Rams or Stags?	To vendor's best knowledge, the female portion of this lot has had no access to rams or stags.
Assessor Comments	This is the first draft of the Grimm Partnership sucker lambs, & despite the wet & cooler winter that we are experiencing, these quality, fresh lambs, have presented beautifully. All lambs in this consignment are 35kg & above & are displaying good weight for age gain. They are presently knocking on the door of the trade job & under the current season, will have no trouble growing out to meet any Export criteria, which is traditionally where they are destined for. A great line of suckers that you can buy with confidence.
