Vendor Comments	Annual sale of store lambs. These ewes have done an exceptional job on these sucker lambs, great weight gain for the age of lambs considering the adverse weather conditions.

Any Access To Rams or Stags?	To vendor's best knowledge, the female portion of this lot has had no access to rams or stags.
Assessor Comments	Excellent quality lambs which are the complete drop with a tail removed. Going forward well on ewes grazing excellent crops/pastures and supplements. These lambs should handle weaning very well given the start they have had, the lead just starting to bloom up from the better weather conditions. Lambs are showing all the traits of the Poll Dorset breed including very good body shape even at their young age. Approx. 10% have tail still to drop off. 5 lambs marked at assessment. Offering 450 in this line as 2 x 225 head lots. At delivery lambs will be drafted two ways and each buyer to get half of each lot to make a fair delivery.
