Assessor Comments	A great opportunity to secure weaned new season lambs that are the tops of their drop and ready to go ahead if shown the feed. These 2nd X lambs are by quality 'Hovell' White Suffolk rams ex W/Suff X Merino ewes and have all the breeding to make heavy export weights in time. These well bred lambs are in true store condition and are an ideal article to purchase and stack weight on quickly if in the right conditions. Approximately 15% of lambs were noted to have symptoms of scabby mouth, varying in severity, and it would be expected that it will run its course through the mob. Please also note that under 20% of lambs have some dry dag around their tail.
