Assessor Comments	This is a smart line of 14 x Aussie White ewe lambs. January/February drop, average 35kgs at assessment. They are really starting to go forward after being weaned in May. Out of Tattykeel blood ewes and sired by Bungarley blood commercial Aussie White rams. As lambs these young girls show all the true attributes of the breed being structurally sound and showing signs of being good shedders . A further 3 lots of the older ewes will be offered in the sheep sale following this sale.
