| JD Approved Vaccinates | Sheep are JD Approved Vaccinates. Vendor has been continuously vaccinating all retained lambs in the flock for 14 years |

| | |
|---|---|
| Assessor Comments | A neat small line of merino wether lambs that present in healthy condition with a handy rebate on their back, and I have no doubt that these wethers will continue to move forward coming into the Spring. These wethers will grow into medium to large framed sheep and approximately cut between 5.5 to 6 kg at 19 micron as mature wethers. |
