Assessor Comments	Great opportunity to purchase these wooly Cross Bred lambs ! TAKE THE WOOL OFF AND WATCH THEM GROW. Vendor bred lambs that will continue to grow - bred from large frame Mallee Bred ewes. Dropped in October and November 2020 there is plenty of time to finish these lambs before any dentition issues arise. Lambs have received a full vaccination program and last drenched on 10th July 2021. The labs were raised in reasonably dry local conditions which turned wet from June until now. LAMBS NEED TO BE SHORN NOW TO EXPRESS THEIR GENETIC POTENTIAL.
