Assessor Comments	Well Gully bloodline Merino ewes March & Aug/Sept 2020 drop - 11-24 months June shorn depastured with Well Gully Poll Merino rams. The season at Parkdale has been light and is closing in necessitiating the premature sale of these young ewes. The ewes are young and will suit a purchaser prepared to seize an opportunity dedicating time to potentially scan and deal with each mob on their merits, with plenty of upside in the young ewes. These sheep are realistically priced and must be sold due to the season.
