Assessor Comments	Very good line of joined ewes - May/June 2020 drop. One mark Merino Dohne cross ewes joined to good quality White Suffolk Rams. Tail was removed from this mob prior to purchase. Ewes are well grown and have the potential to grow into large frame ewes. Wool showed good density and character. (17 hd shorn 31/05/21). Out of assessed ewes 2 hd had half ear missing due to photosynthesis. Season has been favourable for joining - good body of feed and ewes are doing well. Ideal ewes to keep as replacement breeders for a Merino/Crossbred operation.
