Comment on Fat Score 1 Sheep	The ewe hoggets that are fat score 1's are in a forward condition that will travel anywhere following the correct travel guidelines. The age of the ewes only being hoggets, means there is plenty of growth still left in front of them. These ewes were only shorn about a month ago and have been putting on weight & condition ever since.

Assessor Comments	An outstanding line of quality Towalba blood Merino Ewe hoggets NSM, ready to be joined to the ram of your choice. A rare opportunity presents itself to purchase distinguished Merino genetics that focus on Large Frame, Heavy wool cutting, productivity and repeatability. These ewes present in forward store condition which have not looked back since shearing only putting on weight and showing great maturity. With the youth of these ewes, this OPPORTUNITY cannot be missed as they would not only flourish in the correct program but would be able to enhance a commercial flock. Note about 15% of ewes assessed showed ewe-horn or small scurr. "Ewe hoggets that have there entire life ahead of them."
