Assessor Comments	The Watson Ewes are a medium to predominately Large Framed Merino flock which has been focusing on increased fleece weights. Recently shorn in July, & lambs weaned off the week prior these ewes are recovering well with the recent flush of feed. The Ewes were mouthed prior to assessing with all ewes deemed unsound removed from the mob. This is an Opportunity to Purchase Quality Merino Breeders prior to the Expected High Spring Offshears Sales. # Please note Ewes are Tagged With Blue Tags, but are 2016 Drop Ewes as per the vendors management system.
