Assessor Comments	Neat line of 220 Large to Medium Framed Breeding Ewes. Ave 63.5kg (52kg-79kg) Live weight at assessment. These ewes have proven to be highly fertile with strong maternal traits. Ewes present in store to forward store condition due to only just having young lambs weaned in recent weeks. Ewes have performed well for the vendor who has achieved over 100% lambing from the flock with Merino Rams over Merino Ewes and is only selling these older ewes due to keeping some more of their young ewes. Vendor has been Lone Gum Blood for 5+ Years *Please note the odd ewe with light signs of scabby mouth, this is not detrimental to the health of the ewe. *Also noted that 10% of these Ewes have not been Mulesed ***Vendor also has another line of 90 Ewe Lambs and Hogget's in same sale***
