The weaners worked well through the yards considering they are unweaned, with some eager to return to the mob if isolated. Generally a quiet mob of steers to handle.

Assessor Comments	Offering 55 crossbred weaner steers. The steers were 201kg live at assessment. These steers are a mixture of vendor bred and purchased weaners that will stay on the cows until delivery. The steers are all branded No.1 and are 4 - 7 months of age. Don't miss this opportunity to purchase young light weight steers that will steam ahead on good feed. Please note there are 6 in the mob that are uncut and have been marked with pink paint, also there were 2 steers sighted with an old blight scar. Also please note the sisters of these steers are in the same sale as well, which would make a neat 3 decks. There is also another mob of cows and calves from the same vendor.
