| Vendor Comments    | The last of the DR & IC Williams - Broadmere weaners. All cattle fully weaned and tailed as per normal practice if we were to keep them. Only selling due to seasonal conditions. Usually kept through as bullocks or heavy feeders.                                                                                                                                                                                     |                                             |                                     |

| Assessor Comments  | Excellent line of young weaner steers bred in some lighter forest country. All the hard work is done and the cattle are ready to move ahead. Very well handled cattle that are usually kept through to heavy feeder and kill weights. Seasonal conditions are not allowing for this year. Previous lots were offered in A+ sale 306 Lot 769 - 776 - 2nd July. ** Note Vendor has a Line of Heifers as well in the Sale** |                                             |                                     |
