	These cattle have only just been weaned and haven't had a lot of weaner education as yet; hence the temperament stats. They have a little bit of run in them but the majority are easily blocked. A couple them took offence to being locked in the head bail but overall worked through the crush nicely							
Handled With	Bikes , Vehicles							
Assessor Comments	A beautiful vendor bred line of top shelf, roomy soft females. Sired from Quality Bulls, these heifers provide an opportunity to background for future domestic feeder markets or grow on and pasture fatten for the trade or keep as future breeders Please note these heifers were only weaned 5 days ago and have not had the opportunity for a lot of education as yet. There is a heavier weight pen of sisters & a small pen of Angus x brothers also in the the same sale. ** There is one with a spot blemish in eye bit not detrimental** **These cattle were yard weaned last Sunday 15th August onto good Oaten Hay & will remain in yards & on this hay till delivery. (some weight loss may occur)
