Handled With	These cattle have only just been weaned and haven't had a lot of weaner education as yet; hence the temperament stats. They have a little bit of run in them but the majority are easily blocked. A couple them took offence to being locked in the head bail but overall worked through the crush nicely Bikes , Vehicles
Assessor Comments	A beautiful vendor bred line of top shelf, great weight for age, roomy soft calves. Sired from Quality Bulls, these steers provide you with an opportunity to put straight on the grain/oats to supply the domestic markets with a premium high yielding carcass; or grow out to supply the lucrative heavy Angus feeder market. Please note they were only weaned 5 days ago and have not had the opportunity for a lot of education as yet. There is also 2 pens of Charolais cross sisters also in the the same sale. ** There is one with a spot blemish in eye but not detrimental** **These cattle were yard weaned last Sunday 15th August onto good Oaten Hay & will remain in yards & on this hay till delivery. (some weight loss may occur)
