Assessor Comments	A nice line of Angus & Angus/Hereford x heifers with Raff Angus bloodlines. Heifers were treated with Juramate 5/3/21 and have no buss with them since. Heifers have been bred in lighter country and should do very well for potential buyer. Heifers were good to handle during assessment with just a small percentage stirring during processing. They would suit feeders or future breeders. **Please Note** 2 heifers had blight scarring. Vendor has another lot of heifers in the sale.
