Assessor Comments	Buyers a good line of Angus and Angus cross weaner Heifers. These Heifers show good growth and weight for age, they have been away in the New England earlier in the year on agistment and have been at "Coinda" for 2 months and have really started to acclimatise. These Heifers would suit a backgrounding operation to take through to suit feedlot weight requirements or a breeding operation to take through to heavier weights and join to a Bull of your choice. PLEASE NOTE VENDOR IS OFFERING THE STEER PORTION IN THE SAME SALE.
