	Good well handled cattle. Long yard weaning program in February made these steers easy to work through the yards. Vendor selects even tempered Palgrove sires.		
Handled With	Bikes		
Assessor Comments	EU Accredited. These are the younger end of the Angus draft . Steers are in great condition to power ahead on better feed. These cattle handled well through the yards, they are quiet after their extensive weaning program after being trucked home with their mothers from Quilpie agistment in February. 5 blue eyes observed not detrimental. Steers suit domestic feedlot trade or grow out to export EU Feeders.
