Assessor Comments	EU Accredited. These are the lead Cross Bred Steers drafted from the main run of the Dawson River draft. These steers have done very well and many of this draft are in the lead weights of the draft. Ideal steers to go forward on better feed. Lot contains 1 Hereford type steer. Would suit domestic or export EU Feedlots or finish on Oates. A couple of steers were observed to drop their pizzle on occasions, not detrimental. 2 Blue eyes not detrimental.
