	Heifers are extremely quiet and handled very well around yards. 2 heifers didn't really enjoy being on scales platform (first time they've been weighed) but quickly calmed once out in main yards. Calves are handled by a senior lady generally on her own. I couldn't put my hand on these calves but they didn't mind me in their space.		
Handled With	On foot , Vehicles		
Assessor Comments	A small lot of heifers, Charolais cross. These heifers are just right to put on the oats & should go ahead given the opportunity, or with their beautiful temperament would no doubt grow into suitable breeders. Speaking of their temperament, these cattle are handled by the vendor who is a senior lady hence I have put them down as docile. Vendors annual draft of weaners, who has steers in today's sale. Please note 2 heifers with small horns.
