	Steers are extremely quiet and handled very well around yards. 1 steer didn't really enjoy being on scales platform (first time they've been weighed) but quickly calmed once out in main yards. Calves are handled by a senior lady generally on		

Handled With	her own. I couldn't put my hand on these calves but they didn't mind me in their space. On foot , Vehicles
Assessor Comments	Vendors annual draft if steer weaners, Charolais cross. These steers are just right to put on the oats & should go ahead given the opportunity. These steers are handled by the vendor who is a senior lady hence I have put them down as docile. Vendor has heifers in today's sale. Please note 3 steers with small horns.
