Assessor Comments	RM and KJ Sharrock are dispersing the herd due to the sale of their property. The Sharrock Herd is predominantly Nangana Blood lines and consists of an Autumn calving. The bulls have been selected on a 400 day index along with growth and fertility. These cows are 1st and 2nd calving cows and have an excellent line of autumn drop angus calves at foot. The calves are sappy and growing well with the spring they will grow into excellent weaners to sell or to feed on. Please note 3 BB cows in the line. This mob was joined at 1 bull to 17 cows.
