| Assessor Comments  | RM and KJ Sharrock are dispersing the herd due to the sale of their property. The Sharrock Herd is predominantly Athlone South and Nangana Blood lines and consists of an Autumn calving. The bulls have been selected on a 400 day index along with growth and fertility. These cows are 5 to 11 yrs old and have an excellent line of autumn drop angus calves at foot. The calves are sappy and growing well with the spring they will grow into excellent weaners to sell or to feed on. The cows have been rejoined from the 20th of may 2021 for 10 weeks to the Angus bull. Please note 7 BB cows in the line and 2 with very small lumps on the jaw. This mob has been joined at 1 bull to the 16 cows. |                            |                                     |
