Assessor Comments	Buyers an excellent opportunity to purchase 3 decks of quality No.0 & 9 good frame heifers, which show plenty of weight for age. 35 heifers in this lot are vet pregnancy tested in calf to Droughtmaster bulls that got into their paddock earlier this year, with the remainder being non detectable at time of pregnancy testing. Spreadborough Pastoral cattle are noted performers in the paddock or on feed, however I would class these heifers as future breeders to join to bull of choice. Heifers have been pre treated to clear the dip if going into tick free country and vendor will pay clearing costs if required.
