	Docile: 20 head		Docile: 8 head		Temperament not assessed in Paddock	
	Quiet: 50 head		Quiet: 60 head			
	Slightly Stirry: 6 head		Slightly Stirry: 8 head			
	Typical Northern and Western Bred cattle. Flow well through the yards, with minimal pressure needed. Approx 6% do tend to become agitated while being in the crush but once back within the mob they calm almost instantly.					
Handled With	Aerial (Helicopters, gyro's and planes) , Bikes , On foot , Vehicles					
Assessor Comments	A very good line of future breeders, 76 Brahman X Heifers that are VET Preg Tested 1 - 6 months in calf to Angus Bulls. These heifers have been running continuously with Angus Bulls bred from Ardrossan Angus Bloodlines. Heifers have been identified with either a bang tail 5/6 months in calf 15% or feather bang 1-4 months in calf 84%, (80% of the total heifers are 3-6 months). Presenting in strong store to forward store condition, these heifers are very well handled both in the paddock and flowed very well through the yards. These would suit any breeding operation or calve down to trade. Please note vendor has another line of 76 Droughtmaster/Santa X Heifers PTIC to Angus bulls in the same sale. A few heifers showing rub marks but on those inspected no lice could be seen. Approx 23% Black or Dark Grey, 36% Grey, 23% Red or Honey, 10% Brindle and 8 Charbray/Droughtmaster X.					
Assessor	Tom Boyle (Level 1 Accredited)
