	Most cows were very good to handle in the crush and yards however there was the odd cow that was slightly stirry and some that were stirry in the yards. Cattle can behave quite differently in strange surroundings so buyers must be aware of this possibility. (Please note, 2 cows stirry in yards and 2 cows stirry in crush).

Assessor Comments	Buyers a line of Organic pregnancy tested cows in calf. These have been great breeders for the vendor. Cows will suit fatteners or breeders to calve out and do a job on being young they will also make great future breeders. Plenty of life left in the younger cows and are strong and healthy and ready to rear the next calf. Buyers please note, there were 2 cows with rub on them. Vendor has 3 other mobs in the same sale
