	The slightly stirry cows in the race & crush settled once back in the mob. These cows are free moving in the yards, the aggressive cows will come out of the mob & attack. Good stock handling practice required.		
Handled With	Bikes , Dogs		
Assessor Comments	These cows are preg tested not detectable & have been on oats for 8 weeks with the lead being saleable now, the balance require further time on crop to finish before being suitable for slaughter. They would suit a turnover operation. Of the cows handled 1 cow had 2 capped hips & a further 2 cows had 1 capped hip, there was 1 cow with a blue eye. There are some cows showing signs of lice. Vendor has 2 other lots of cows in the sale.
