Handled With	Very quiet line of steers to handle. Bikes , Horses																								
Assessor Comments	Here is a great line of well bred EU PTIC Angus Heifers . These heifers have great breeding with a reputation. Heifers have good length of body with nice femininity. Heifers are a good medium frame. Heifers are very fertile being joined for 4 months to Booroomka Angus sires all been 5 months plus. They are out of medium to large frame straight golden arrow Angus cows by top quality above average Booroomka stud sires. This is a very quiet line of future breeders with years of top quality genetics. Note odd heifer has old blue eye scaring but not detrimental.
