Assessor Comments	A very attractive line of well grown Angus Heifers & Calves. The vendor purchased these Heifers in march off Auctions Pus and has made a decision to change directions in his cattle operations and is moving into feeding cattle. As feed ran short and his number of feeder cattle built the vendor supplemented these Heifers and calves with a ration of hay, bread and vegetable mix. Heifers present in great condition and are doing a fantastic job on their calves. All heifers calved unassisted. Please note at assessment 1 heifer had blue scaring in 1 eye. 7 Heifers have white on the udder. 1 Heifer calf does have the tip of 1 toe missing though did not affecting her walking at assessment at all.
