Assessor Comments	A top quality line of 1st calve Angus/Black Simmentail cross heifers, with 2-4 week old Alpine Angus calves at foot. These heifers are 27-29 months of age showing great hybrid vigour, very quiet and are milking up well for a even drop of calves at foot. 8 heifers had white on udder and 1 with blue scarring on eye but not effecting sight. The calves are showing good thickness and depth from the Simmentail infusion. A great opportunity to purchase a line of F1 future breeders that would make ideal vealer producers and can be joined up to the bull of your choice.
