Assessor Comments Opportunity to Acquire a one mark line of 40 station mated heifers & calves. Offered in two lines of 20x20. These heifers are Temania & Hazeldean Angus blood, & are 24-25 months of age. They have been running with a Wattle Grove Speckle Park Bull since the 27th of July & will remain in until delivery. They are of medium to large frame and are producing plenty of milk for their sappy Angus calves at foot, which are sired by Temania & Hazeldean Angus Bulls. Heifers are of quiet nature and were easy to handle through the yards. Ideal young breeders with their entire lives ahead of them. These potential 3 in 1 units are not to be missed, with the Kalamunda Speckle Park/Angus x calves sort after by breeders, backgrounders & feeders alike known for their growth rates & marbling capabilities. Buyers please note four heifers with a splash of white on their udder, one with white to navel.
